We invite you to review the items below to facilitate creative thinking on the specific topic presented.

9 Training and professional development for staff of the LEA on sanitation and minimizing the spread of infectious disease.

- What training needs are *specific to your LEA*?
- Are your staff members and trainings up to date on **current** disinfecting and cleaning standards? <https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/clean-disinfect-hygiene.html>
- Are there any trainings that are specific that could benefit your staff? For example, could a training specifically for school nurses on reducing the spread of infectious disease benefit them?
- Is your **whole staff** trained? This can apply beyond custodial staff and/or teaching staff and can be utilized to train all staff members.
- What training needs or challenges are you facing in regards to sanitization and disinfection? How could this funding assist?
